## OPENING MESSAGE

Welcome to PT. Swarna Agro Noesantara, a leading supplier and exporter of Indonesian heritage products, where tradition meets quality. With a strong commitment to Indonesia's rich agricultural heritage, we offer a carefully curated selection of premium products that showcase the unique flavors and culture of our nation to the global market.

With years of expertise in the commodities industry, we have refined our processes to deliver products that meet international standards while preserving the authentic essence of Indonesia. Each of our offerings is crafted with passion, from sourcing the finest raw materials to ensuring the highest level of quality control. As a result, our products are not only in high demand worldwide but also represent the very best of what Indonesia has to offer.

By choosing PT. Swarna Agro Noesantara, you support sustainable practices while enjoying products that celebrate Indonesia's natural abundance and cultural heritage.

WWW.SWARNAAGRO.CO.ID

# ABOUT US

Originating from CV. Daya Alam Indojaya, established in 2011 due to the potential exploration of resources, PT. Swarna Agro Nusa was formed in 2014. Operating from various regions in Indonesia, including Sumatra, Kalimantan, and Sulawesi, the company focuses on sourcing.

PT. Swarna Agro Nusa collaborates with farmers and the government to ensure sustainable sourcing and professional management. In 2020, following a change in shareholders, the company rebranded, adopting the name PT. Swarna Agro Noesantara along with a new logo.

PT. Swarna Agro Noesantara primarily focuses on processing agriculture and heritage products, emphasizing B2B supply to manufacturers. We ensure high-quality products through rigorous supervision and management, meeting the demands of our end users. Since rebranding, PT. Swarna Agro Noesantara has experienced significant growth, with a sharp increase in turnover. We began expanding into processed coffee beans and tea leaves while continuing our palm oil business. Our expansion includes building direct networks with coffee and tea farmer groups under our guidance.

With the new name, PT. SWARNA AGRO NOESANTARA has increase very significant growth. The company's turnover has increased sharply,and since then we started to expand into processed coffee bean and tea leaf. The company still do the palm oil business but started to do expansion to coffee and tea and began building network to coffee and tea farmer groups directly under the direction of PT. SWARNA AGRO NOESANTARA.

Our turnover has also increased as we began exporting to countries such as Korea, Vietnam, Thailand, and China. In 2015, our sales to Korea exceeded 50 containers, and our annual sales turnover reached over 1 million dollars. Our product range is no longer limited to palm oil; we have also started selling coffee and tea through traders.

### **EXPORT MORE THAN 25 COUNTRIES**

## Vision

Our vision is "Became a Great Company in Agro Industry to manage natural resources Indonesia in order to give life to the many people who are associated with this company"

## Mission

Our Mission is "to deliver product at the right quality and standard, at the right specification and at the right price". The mission is somewhat forming a competition and effective attitude to all of company member.

# About Coconut

MEMBER OF COMMERCE CHAMBER CENTRAL JAVA

Indonesia is an archipelagic country that produces a wide variety of highly valuable tropical fruits, one of which is coconut. As a result, it is not surprising that Indonesia ranks second in the world as the largest producer of coconuts, with several provinces contributing significantly to this production.

- Riau holds the top position as the largest coconutproducing region, with an annual production of approximately 406.9 thousand tons.
- North Sulawesi: 269.5 thousand tons
- East Java: 233.7 thousand tons
- Central Sulawesi: 206.3 thousand tons
- North Maluku: 200.1 thousand tons
- Central Java: 158.2 thousand tons
- South Sumatra: 114.9 thousand tons
- Jambi: 114.3 thousand tons
- North Sumatra: 102.4 thousand tons
- West Java: 92.9 thousand tons

The coconut plant is a multipurpose plant or a plant that has high economic value. Fruit, Coconut Stems and Coconut Stems can be managed as a source of income and added value for farmers and entrepreneurs. Coconut fruit consists of coconut water which can be processed into nata decoco, coconut vinegar, soy sauce, coconut water and drinks from coconuts, coconut meat is processed into dry oil, cocomix, pure coconut oil, skim milk, coco shake, coco cake, instant coconut milk, copra, crude coconut oil, cooking oil, cake, coco chemical, coconut charcoal, activated carbon, coconut fiber and so on, as well as coconut stems processed into furniture and building materials (UNDP-ILO 2013).

## OUR SUPERIORITY

MEMBER OF COMMERCE CHAMBER CENTRAL JAVA

### Our coconuts offer several advantages compared to other producers, including:

🜐 Our website of coconut

https://swarnaagro.co.id/products/semi-husked-coconut/

### **OTHER** PRODUCT

### Not only coconuts, we also sell several commodity products, including:

Bean

### Visit our website to find out more information
